Tues. March 9, 2027

A six-part virtual series that invites participants to slow down, reflect, and grow together. Leadership is more than roles and tasks. It's about how we listen, care, communicate, and learn alongside one another. This series offers space to explore personal values, strengthen communication and facilitation skills, and build confidence in navigating meaningful and sometimes challenging conversations.

Educators working in on-reserve child care & child and family programs are invited to attend.
